## **MEETING AGENDA**

### **11:30 am – Joint meeting with HCP Tributary Committee**

- A. Nason Creek Fish Passage Barrier Assessment – Hans Smith, YN (B. Rogers)

### **1:00 pm – Regular PRCC Habitat Subcommittee Meeting**

- I. Agenda Review**
- II. Approval of Meeting Minutes**
  - A. November 12, 2020 (Ben Canyon Creek Fish Passage Project – Habitat Fund 602)
- III. Action Items Review from October 8, 2020 Meeting (D. Rohr)**

A. Justin will follow up with Washington Water Trust regarding the outstanding questions, including how much of the additional cost is a result of the request for 8cfs rather than the 4-6cfs anticipated.

**IV. Habitat and NNI Funds Report Q3 (D. Rohr)**

**V. Review and Update -- Cascade Orchards Icicle Creek Flow Restoration Project (J. Yeager)**

Follow up discussion of committee concerns:

1. Currently project sponsor wants to build for an 8cfs project, however, the need appears to be around 4-6cfs.
2. Cost of project has doubled (total project cost \$4.6M). PRCC Habitat Subcommittee funding was \$142,000, of which almost all has been used. Additional funding requests have been submitted to other resources, but no information on status or success of requests.
3. The current point of diversion is in Icicle Creek rather than the Wenatchee River. One advantage of that may be that the diversion is located below the sensitive reach in the Icicle Creek.
4. How much of the additional cost is a result of the request for 8cfs rather than the 4-6cfs anticipated.

**VI. Deed of Right for Martinson Property – CDLT (D. Duvall)**

**VII. Potpourri (D. Rohr)**
